

Andreas Geisler joined the Austrian Space Agency in 2003 as Team leader of the Austrian Aeronautics Research and Technology Programme. From 2009 to June 2015, Mr. Geisler headed the FFG Energy and Environment Team and was in charge of the programme management for the Austrian Climate and Energy Fund. In July 2015, Mr. Geisler has been appointed Head of the FFG Aeronautics and Space Agency. He is delegate to the ESA Council and Chairman of the General Assembly of the European Space Policy Institute.
